

## Student Expectations

### Student Commitment

- Plan to spend some time working on your course each weekday for the duration of the semester.
- All courses are divided into units. All units contain lessons, assignments (Activities and/or Labs), and assessments (Critical Thinking Questions, Discussion Questions, and Quiz). Your teacher will share information regarding when assignments and assessments are due.
- Each unit has 1-4 assignments. Expect to spend a maximum of 2 hours total on all assignments per Unit.
- Each unit has a Unit test. Each course also has a Midterm and Final exam. Your teacher will share information regarding when these are to be taken.

### Academic honesty

- Cite and document the ideas and writings of others properly, providing the original source with credit.
- Submit your own work for assignments and tests without unauthorized help.
- Do not share, forward, or post any eDynamic Learning copyrighted materials without the company's express permission in writing.

### Respect

- Engage all others involved in the learning process with consideration, kindness, and respect.
- Maintain other's privacy by safeguarding their personal information.
- Establish a courteous tone by using respectful greetings and signatures, full sentences, and common courtesies, such as "please" and "thank you", in communications with teachers and peers.
